

Winterfest Experience Pass Holders

Winterfest registration is now open!

Congratulations on being an *Experience Pass holder* for Smoky Mountain Winterfest 2018, you and your spouse have 2 general admission passes (**\$109 value per person**) as well as a **\$100 credit** (for joining the WEP) on your account with Convention Services!

Registering is as simple as ever! Here is all you have to do:

-Register your group like you normally would, and count you and your spouse in with your total number attending. *This will help us keep an accurate number of registrants. Keep in mind, you will not be charged for your 2 tickets.*

***Please note** - Hotel costs and reserved seating are not a part of the experience pass. Should you choose to take advantage of reserved seating (\$35 per ticket) or our ticket plus housing plan (\$142), certain fees will apply.

For example-

If your group decides to take advantage of reserved seating (\$35 per ticket), you and your spouse will be responsible for paying the \$35 ticket price per person.

If your group chooses to purchase the *ticket plus housing plan*, then you and your spouse will only have to pay the difference of \$33 per person.
(Ticket price plus the housing plan (2 nights of lodging) is \$142 per person – therefore, \$142 - \$109 credit = \$33 balance)

-Convention Services has a \$100 credit on your account. This will be subtracted from your balance before your **final payment** is made and cannot be applied to the initial room deposit required by Convention Services.
